

Oligosaccharides

Used for food, health products, beverages, medicine, etc.

Alginate Oligosaccharides
Chitosan Oligosaccharides
Agar Oligosaccharides
Carragenan Oligosaccharides

- Internal microecology optimization
- Lipid metabolism improvement
- Food for people with high glucose level and diabetes
- Low calorie helps to prevent cholesterol accumulation
- Caries prevention
- Antioxidant to lengthen life
- Antitumor effect

FOLIC ACID (FA) PEG

Used in the field of sustained release and controlled release medicine and biomedicine

Heterobifunctional

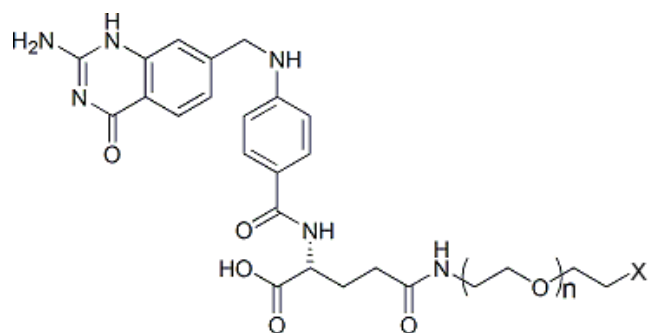

Biotin-PEG-FA
FA-PEG-Mal
FA-PEG-OH
FA-PEG-Alkyne
FA-PEG-NHS
FA-PEG-CHO
FA-PEG-COOH
FA-PEG-SH
FA-PEG-NH₂

Monofunctional

mPEG-FA

Lipid
CLS-PEG-FA
DSPE-PEG-FA

Fluorescent
CY5.5-PEG-FA
FITC-PEG-FA
